

## BETTER THAN A SAVINGS BANK

Chauncey M. Depew recently said he had deposited \$100 in a savings bank sixty years ago and now it has grown to \$800.

Thousands of persons have made \$700 on small investments in real estate and they did not have to wait sixty years to do it.

### If They Could Do It, Why Can't You?

No one ever was known to become rich through savings bank interest. Savings banks invest your money in real estate. If they can thus safely invest your money and show a profit, why don't you.

### BIG GAS BILLS LEAD

#### TO DISCOVERY OF STILL

HOUSTON, Tex., Nov. 23.—Investigation by prohibition officers of the records of the gas company for large bills from small houses yesterday led to the finding of a large private distilling plant and the arrest of the owner. A gas bill of \$45 directed suspicion toward the premises where the still was found.

### "Diapepsin" for Bad Stomach, Indigestion

Take "Pape's Diapepsin" now! In five minutes your stomach feels fine. Don't bother what upset your stomach or which portion of the food did the damage. If your stomach is sour, gassy, and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; you belch gases and acids and eructate undigested food—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only sixty cents for a large case at drug stores.—Advertisement.

## MEDBURY

### Says a Man Never Realizes What Cheap Clothes He's Wearing Until He Tries to Hock Them.

By JOHN P. MEDBURY.  
When a guy is broke there are always two places where he can go. Home or to a hock shop.

Most of them go home first so they can get something to hock.

A pawn shop is a place where you can get a diamond ring for two bucks. If you discover it's genuine, take it back and they'll return your money.

The guy who runs one of these places is usually called "Uncle," because when you're down and out he treats you like a relative.

The clothing rack is filled with reasons why a lot of men are going cold this winter.

A man never realizes what cheap clothes he's wearing until he tries to hock them.

What a suit is worth all depends upon whether you're buying it or selling it.

You have to get up early in the morning if you want to fool your "Uncle" and this is hard to do be-

cause he stays up all night.

One guy took a fur coat and he was offered five dollars. The clerk said he wouldn't give him more than that if he brought the whole live seal in a bath tub.

Instead of taking your interest to heart he takes it to the bank.

He remembers his school days, and while he didn't like his teacher, he looks out for the principal.

The only literature he's fond of is his bank book.

The First National Bank is his favorite author.

He locks his safe deposit vault and throws the key among a bunch of detectives so that it won't be found.

When a person hocks anything, they resolve to get it out the next day. A lot of overcoats and watches

are in there yet still waiting to go home.

One alarm clock has been there so long its become a grandfather clock.

And a bunch of wrist watches have grown up to be big timepieces.

One guy hocked his watch so that he could get married. He was so nervous that he put his marriage license in his wallet and handed the minister the watch ticket.

## Starts You With a \$1,000 Life Insurance Policy and a \$1,000 Savings Goal at the Same Time.

(That's the payment for the average age.)

Some men have said about life insurance, "You have to die to win." Here's a Plan where you win both ways.

If you live you get \$1,000 at the end of the ten years of payment. If you die you get \$1,000.

The moment you are accepted in our Insured Savings Plan your estate is worth \$1,000 in case you die. Under an arrangement with the Continental Assurance Co. that obligation is assured, immediately after you're accepted, and the receipt of your first payment, which is \$8.20, if you are 30 years old (varies slightly at other ages).

If you live, you get back the whole \$1,000—and have your life insured all this time.

There's a lot more to tell—and if you will come in we will explain everything without obligating you in the slightest. Won't you come? If you can't, mail the coupon and we'll send the particulars. BUT DON'T PUT IT OFF.
